Public Notice Concerning Kansas / Federal
Water Pollution Control Permits and Applications

State of Kansas
Department of Health and Environment
Division of Environment-Bureau of Water
1000 SW Jackson St., Suite 420
Topeka, Kansas 66612-1367

Telephone: (785) 296-6432 - Ag Permits
(785) 296-5517 - All Others

Public Notice No. KS-AG-17-295/304
KS-Q-17-178/183

Beginning Date: December 14, 2017
Comments Due: January 13, 2018

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the State by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-AG-17-295

Application(s) for New or Expansion of Existing Swine Facilities

Name and Address of Applicant

Douglas Claassen
Doug Claassen – King Site
12247 NW 130th Street
Whitewater, KS 67154

Owner of Property Where Facility Will Be Located

Douglas & Katherine Claassen
12247 NW 130th Street
Whitewater, KS 67154

Legal Description

NW/4 of Section 10
T24S, R04E
Butler County

Receiving Water

Walnut River Basin

Kansas Permit No.: A-WABU-S018

This is notification KDHE has received a complete permit application for the operation of a swine waste management facility capable of housing 2,496 head (998.4 animal units) of swine weighing greater than 55 pounds each. Previous permit was for 500 head (200 animal units) of swine weighing greater than 55 pounds. The complete application can be viewed at the office of the Butler County Clerk, the KDHE South Central District Office in Wichita, Kansas or the KDHE Main

Office in Topeka, KS. A permit to operate the proposed swine waste management system will not be issued without additional public notice.

Public Notice No. KS-AG-17-296/304

Pending Permits for Confined Feeding Facilities

<u>Name And Address of Applicant</u>	<u>Legal Description</u>	<u>Receiving Water</u>
Doug Claassen Doug Claassen – King Site 12247 NW 130 th Street Whitewater, KS 67154	NW/4 of Section 10 T24S, R04E Butler County	Walnut River Basin

Kansas Permit No.: A-WABU-S018

This is a re-issued permit for an expanding facility for 2,496 head (998.4 animal units) of swine weighing greater than 55 pounds. Previous permit was for 500 head (200 animal units) of swine weighing greater than 55 pounds. Proposed modifications include two finish buildings, a circular concrete storage pit, uncovered concrete mortality compost bins, and increased head count.

Jason Timmerman N.A. Timmerman, Inc. 1762 U.S. Highway 83 Colby, KS 67701	NE & NW/4 of Section 10 T08S, R32W Thomas County	Solomon River Basin
--	--	---------------------

Kansas Permit No.: A-SOTH-C003

Federal Permit No.: KS0117862

This permit is being re-issued for a confined feeding operation for 20,000 head (20,000 animal units) of cattle weighing greater than 700 pounds. This represents an increase in the permitted animal units from the previous permit. This permit also contains proposed modifications of additional confinement pens, a new sediment basin and a new wastewater retention structure. This facility has an approved Nutrient Management Plan on file with KDHE.

Feedyards, Inc. Ulysses Feedyard 1765 East Road 21 Ulysses, KS 67880	Section 14 & NW/4 of Section 12 T30S, R37W Grant County	Cimarron River Basin
---	--	----------------------

Kansas Permit No.: A-CIGT-C003

Federal Permit No.: KS0053481

This is a modified permit for a confined animal feeding operation for 90,000 head (90,000 animal units) of beef cattle weighing greater than 700 pounds. There is no change in the permitted animal units. This permit is being modified to add two earthen evaporation retention control structures to the facility. There are no other changes to the permit. Only the portions of the permit being modified are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

Rocking Heifer, LLC Rocking Heifer #2	W/2 of Section 26 & E/2 of Section 27	Cimarron River Basin
--	--	----------------------

8068 West Buchanan Road
Middleton, MI 48856

T27S, R40W
Stanton County

Kansas Permit No.: A-CIST-C006

Federal Permit No.: KS0096571

This permit is being re-issued for an expanding facility with a maximum capacity of 25,600 head (25,600 animal units) of cattle weighing greater than 700 pounds. The facility is proposing the addition of three expansion areas, which will add approximately 138 acres of open lot pens and associated feedlot areas. Two settling basins and three additional retention structures are proposed. This facility already has an approved Nutrient Management Plan on file with KDHE.

Kansas Permit No.: A-ARRC-S002

This permit is being reissued for an existing facility with a maximum capacity of 1,450 head (580 animal units) of swine more than 55 pounds. There is no change in the permitted animal units from the previous permit cycle.

Public Notice No.: KS-Q-17-178/183

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-g), and Federal Surface Water Criteria.

<u>NAME AND ADDRESS OF APPLICANT</u>	<u>RECEIVING STREAM</u>	<u>TYPE OF DISCHARGE</u>
Chanute, City of PO Box 907 Chanute, KS 66720	Neosho River via Turkey Creek	Treated Domestic Wastewater

Kansas Permit No. M-NE11-OO01

Federal Permit No. KS0080837

Legal Description: S½, NE¼, S33, T27S, R18E, Neosho County, Kansas

Facility Location: 2600 S. Katy, Chanute, KS 66720

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a mechanical treatment plant consisting of a main facility lift station, bar screen, two channel grit removal chamber, mechanical fine screen, primary clarifiers, intermediate pumping, packed towers, final clarifiers, UV disinfection, primary and secondary anaerobic sludge digesters, drying beds, solid and liquid sludge disposal, and an extraneous flow basin. A granular media effluent filter is also on site, but is not in service. Grit and screenings are landfilled. Sludges (biosolids) are land applied. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, and pH, as well as monitoring for total phosphorus, total Kjeldahl nitrogen, nitrate + nitrite, total nitrogen, copper, whole effluent toxicity, priority pollutants, and flow.

Arkansas River

Process
Wastewater

Kansas Permit No. I-AR94-PO95

Federal Permit No. KS0097306

Legal Description: NW¼, S36, T27S, R1W, Sedgwick County, Kansas

Facility Name: Paragon Services Groundwater Remediation Project

The proposed action is to reissue an existing State/NPDES permit for an existing facility. Chlorinated hydrocarbon contaminated groundwater from a recovery well located along S. Knight Avenue between W. Harry Street and W. Merton Avenue in Wichita, is treated with a particulate filter and an air stripper. The total design discharge from the treatment system is about 85,000 gallons/day. The proposed permit contains limits for pH, cis 1,2 dichloroethylene, and trichloroethylene, as well as monitoring for flow and total metals.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Livestock Waste Management Section for agricultural related draft documents or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas 66612-1367.

All comments regarding the draft documents or application notices received on or before **January 13, 2018**, will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-17-295/304, KS-Q-17-178/183) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/ application. If response to any draft document / application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents / application and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.
